Quality. Value. Innovation.

Your stairway makes a statement.

So it's important for you to choose components that are not only functional and beautiful, but also reflect your design preferences.

With EverMark, you can create a stunning design for your stairway with the confidence that you are selecting premium quality parts that reflect value and innovation.

EverMark was formed to exceed the expectations of discerning homeowners by crafting components that maintain their looks and integrity after years of use.

We combine time-tested craftsmanship with the latest manufacturing techniques; producing stair parts that not only provide excellent initial value, but also make a lasting impression in your home.

At EverMark, a stairway is just the beginning...

We are committed to bringing you the highest level of customer care. Rest assured, no matter which of our stair parts you choose, you'll be making a smart investment that will fit your needs, your home, and your life.

Stair Parts Selection Guide

STEP 1: Choose Newel Post Style

Over the Post

Pin top newels require handrail fittings that slide down on top of pins, creating a continuous rail system that is elegant to the touch.

Post to Post

Block top and Box Newels allow rails to run between them, creating an added touch of detail to your staircase system. Handrail fittings may not be required.

STEP 2: Choose Style of Balustrade

Pin Top Balusters

Square Top Balusters

Metal Balusters

STEP 3: Choose Handrail Style

Handrail styles are matched to each Series based on architectural scale. Refer to individual Series pages to find the best handrail to match with your choice of baluster.

"Smart Stick" Pin Top Balusters

The SS-5015 "Smart Stick", an EverMark exclusive!

What's smart about the SS-5015 "Smart Stick"? The top and bottom pins are the same size, requiring the same size drill bit... meaning it's easier and quicker to install. That's good news for installers. The bottom pin is shorter and needs no trimming. The 3/4" pin top increases possible spacing of balusters by 1/4" while complying with the 4" maximum spacing in many building codes.

Square Top Balusters:

Plowed Rail is the best choice when using square top balusters. This rail comes with fillet, which is cut to fit between the square tops of balusters. See Pages 40-42 for our selection of plowed rail.

Handrail Profiles

Handrails are the backbone to your stairway, providing continuity and structure to the final design. EverMark offers both solid and engineered handrails. Each handrail has a matching bending rail profile for curved stair and balcony systems.

6010 Plain

6010 Bending Rail

6010 Species:

- Primed
- Poplar
- Red Oak
- White Oak
- Hard Maple

6010 Rail is available in Finger Joint, Nu-Rail, Plain, 3-Ply Solid, and Plowed with Fillet. Lengths available may vary by species.

6210 Plain

6210 Bending Rail

6210 Species:

- Poplar
- Red Oak
- White Oak
- Hard Maple

6210 Rail is available in Finger Joint, Nu-Rail, Plain, and Plowed with Fillet. Lengths available may vary by species.

6510 Plain

6510 Bending Rail

6510 Species:

- Red Oak
- White Oak
- Alder
- Hard Maple
- Mahogany

6510 Rail is available in Nu-Rail, Plain, and Plowed with Fillet. Lengths available may vary by species.

6710 Plain

6710 Bending Rail

6710 Species:

- Red Oak
- White Oak
- Mahogany

6710 Rail is available in Nu-Rail, Plain, and Plowed with Fillet. Lengths available may vary by species.

Replacement Treads & Starting Step Assemblies

FasTREAD™ Tread Covers

Red Oak FasTREAD®

FasTREAD® Return

Attach the FasTREAD® Oak Return to the end of any FasTREAD® Replacement Tread to create a return tread.

Item #	Description	Size
8431	FasTREAD 48 Inch	5/8 x 11-1/2 x 48
8431	FasTREAD Loose Return	3/4 x 13 x 1-1/8

Turn any carpeted staircase into a red oak masterpiece with the FasTREAD® Replacement Tread system.

Made of select solid red oak, it comes unfinished so it can be finished to match your other red oak decor.

The FasTREAD® fits over existing treads and is installed using common finish nails and wood adhesives. Watch the installation video by scanning the QR Code below.
